

HUNTERDON COUNTY DEMOCRATIC COMMITTEE

January 2012

Dear Friend,

If you're like me you have had quite enough of the Obama-bashing that has taken center stage during the Republican primary campaign. Each of the candidates has attacked the President while staking out the most extreme right-wing positions. None has acknowledged the fact that the financial collapse occurred during the Bush presidency and that only bold action by a Democratic president stabilized the economy. Unfortunately the same tune is being carried by New Jersey Republicans led by Chris Christie and all the members of our County Board of Chosen Freeholders.

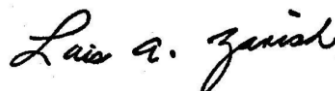

Clearly there is a lot more to be done to get people back to work and get the economy on track but do you believe the Republicans are the right people to do it? This year it will take concerted action by all of us Democrats to make sure that the President can continue with his progressive agenda of expanded health care, support for the unemployed, immigration reform, support of a women's right to choose, and to prevent the opposition from turning the clock back with their reactionary platform.

To do this we need your help. We need to rally Democrats and educate Independents across the County. Having a strong local Democratic Committee is the first step in achieving this goal. Consider becoming part of the County Committee. The Committee is made up of a Democrat man and woman from each Township voting district who is elected in the June primary. It doesn't require a major time commitment and generally it isn't difficult to win the seat as it only takes a few names on a petition and a few votes in the primary. When you become a Committeeperson you will have a say in how the party conducts campaigns across the County. If you are interested please contact me for details.

Even if you don't become a Committeeperson there are other ways you can help. These include volunteering to work in the campaign, hosting events such as coffees or lunches, attending a fund raiser, talking to friends and neighbors, and of course supporting the County Committee through a contribution. (Check out www.hcdems.com for a schedule of events). We are committed to run on a tight budget but money is needed for mailings, printing, signs, etc. Please be as generous as you can with your contribution but know that we will use every cent effectively. An easy and quick way to help is to contribute on line at www.hcdems.com through the Act Blue account.

If we are to keep this country on track and prevent a return to right-wing Republican rule we need to work together. **Please help by supporting the Hunterdon Democratic County Committee.**

Sincerely yours,

Lois Zarish, Chairwoman
